DRAFT Acceptable Use Policy

- To transmit, or procure the sending of, any unsolicited or unauthorised advertising or promotional material or any other form of similar solicitation (spam).
- To knowingly transmit any data, send or upload any material that contains viruses, Trojan horses, worms, time-bombs, keystroke loggers, spyware, adware or any other harmful programs or similar computer code designed to adversely affect the operation of any computer software or hardware.

Interactive services

We may from time to time provide interactive services via our Facebook, LinkedIn, Instagram, WhatsApp or Twitter accounts which may be accessed via our site (**interactive services.**)

Where we do provide any interactive service, and where we are able to do so, we will provide clear information to you about the kind of service offered, if it is moderated and what form of moderation is used (including whether it is human or technical). You will appreciate that third party operators have their own terms and conditions which you may review.

We will do our best to assess any possible risks for users (and in particular, for children) from third parties when they use any interactive service provided on our site, and we will decide in each case whether it is appropriate to use moderation of the relevant service (including what kind of moderation to use) in the light of those risks. However, we are under no obligation to oversee, monitor or moderate any interactive service we provide on or via our site, and we expressly exclude our liability for any loss or damage arising from the use of any interactive service by a user, whether the service is moderated or not.

Our site, and any interactive service accessed via it, is not for children. The use of any of our interactive services by a minor is subject to the consent of their parent or guardian. We advise parents who permit their children to use an interactive service that it is important that they communicate with their children about their safety online, as moderation is not fool proof.

DRAFT Acceptable Use Policy

Where we do moderate an interactive service, we will normally provide you with a means of contacting the moderator, should a concern or difficulty arise.
